Finally, in March 2009, the Composite Man engineers a shakeout — a “terminal shakeout” — by driving prices all the way down to about DJIA 6,500. In so doing, he wipes out those who had protective sell stops below the prior lows in the trading range. By now, the Composite Man and those who follow him have absorbed most of the floating supply.

ment advisory firm, Canaan Capital, that manages an equity-focused investment partnership fund. He runs a weekly business column, Mark to Market, with Business Daily and features on business media, CNBC Africa, and CGTN. Mr. Mwanyasi currently advises various corporate entities on East African capital markets and is a contributor to The Exchange.

### **The Anatomy of Market Failure**

perfect competition obtains in all markets. Self-policing competition requires "very many" producers in every market. If, then, for whatever reason, some markets are saturated by a few firms of "efficient" scale, the full welfare-maximum solution of inputs, outputs and prices will not be sustained. There will be failure by structure.

### **ROLE OF GOVERNMENT IN A MARKET ECONOMY**

papa smith sell all the land around the dismal lake except their one-acre homestead to a man named snively whiplash. Whiplash builds a home on the western edge of the lake and immediately starts throwing garbage into the lake instead of taking it out to the road for the county trash service.

### **Chapter 1 -- An Overview of Financial Management**

Stock market in equilibrium: when all the stocks in the market are in equilibrium (ie for each stock in the market, the market price is equal to its intrinsic value). OTC markets are connected by computer network with many dealers and brokers, such as NASDAQ. 10 Auction markets vs dealer markets.
