Music The Business The Essential

Legal Issues Involved in the Music Industry

Music publishing is simply the business of exploiting a song - that is, finding uses for the song, such as cover versions, film, TV and video games, ringtones, greeting cards and even karaoke machines - and collecting money for such uses, usually in the form of a license fee Songwriters typically own the

Copyright and the Music Marketplace

Few would dispute that music is culturally essential and economically important to the world we live in, but the reality is that both music creators and the innovators that support them are increasingly doing business in legal quicksand As this report makes
